Sheraton Elmatar, Cairo, Egypt

ABOUT ME

I am a multidisciplinary designer with a curious mind, I enjoy to meet new people and understand how they are solving problems, this is one of the reasons why I invest my time on meetups from product management to everything related to design (research, design thinking, design system, etc.) and talking to people in general, as always can be an opportunity to learn something new.

EDUCATION

Bachelor

2016

Computer Science and Information Systems, Helwan University

School

2012

Hafez Ibrahim Experimental Language School

WORK EXPERIENCE

UI / UX Designer at Arabian Systems (Emirates Auction)

October 2020 - Present

Responsible for:

- Gathering and evaluating user requirements in collaboration with Business Analysts.
- Illustrate design ideas using storyboards, process flows and sitemaps.
- Develop UI mockups and prototypes that clearly illustrate how sites function and look like.
- Build the product style guidelines.
- Create original graphic designs (e.g. images, fonts, colors and animations) using Adobe Photoshop, Adobe XD, Sketch, Figma, Principle.
- Identify and troubleshoot UX problems (e.g. responsiveness).
- Conduct layout adjustments based on user feedback.
- Upload the Designs on Zeplin for the developers to start implementing.
